Finding best place to open a pharmacy

1.1 Introduction

Let's say you are an Egyptian pharmacist and you want to open a new pharmacy in Cairo. Cairo is a huge city and full of pharmacies and you want to choose a suitable place to open your own pharmacy.

1.2 Questions

1. What is the best location to open your new pharmacy ?
2. What location has the largest number of pharmacies?
3. What location has the least number of pharmacies?
4. What location has the largest number of hospitals?
5. What location has the least number of hospitals?
6. What location has the largest population?
7. What location has the least population?

2.1 Data

I will use the FourSquare API to collect data about locations of pharmacies and hospitals.
